Annual Seed Business Convention

CONNECTING YOUR BUSINESS TO THE SEED AND AGRICULTURE INDUSTRY

Seed Business is a 2-3 day industry Convention held annually by tradition in late August, in various locations around Australia.

Target Audience

The Seed Business Convention is open to all businesses within the Australian and International agriculture and seed industry. ASF members who attend the conference are from a broad range of businesses ranging from integrated international companies to family owned businesses located in both the metropolitan and regional locations across Australia and internationally.

This diversification provides prospective sponsors of the Convention with the unique opportunity to engage with the foundations of a critical Australian agribusiness sector involved in the delivery of seed along the supply chain to assist with agriculture's adaptation to climate variability, securing world food security, and agricultural productivity.

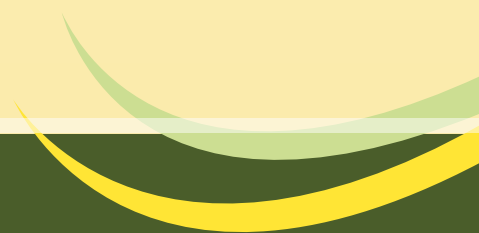

Seed Business 2019 aims to bring together:

- ASF Members and new entrants to the industry;
